

OHIO WOMEN'S BAR FOUNDATION

Leadership Institute

The Leadership Institute is a program of the Ohio Women's Bar Foundation. It was created by women leaders in Ohio to assist women lawyers in developing their leadership skills.

Why a Leadership Institute for Women?

Often times, law firms and corporations do not invest money in leadership training for attorneys. Even if the firm or corporation does provide leadership training, such training is unlikely to focus on the particular challenges that women face on their career path. The Leadership Institute is designed to lend a hand and to help women who are emerging leaders with practical knowledge and strategies on business development so as to attain significant leadership roles.

Our Mission

The mission of the Leadership Institute is to advance inclusiveness within the legal profession and supplement the professional skills of women lawyers by enhancing their leadership, business development, and communication skills for the benefit of the diverse communities in which they work, live, and serve.
